APA Style References (7th Edition)
White Paper

Author (s)   **Date**   **Title**

Mary Griggs Burke Center for Freshwater Innovation. (2019). *Water*

0.5 in *quality concerns on the south shore of Lake Superior* [White paper].

Northland College. https://www.northland.edu/wp-content/uploads/

2019/12/IJC-white-paper-Interactive.pdf

URL

Publisher   **Description**
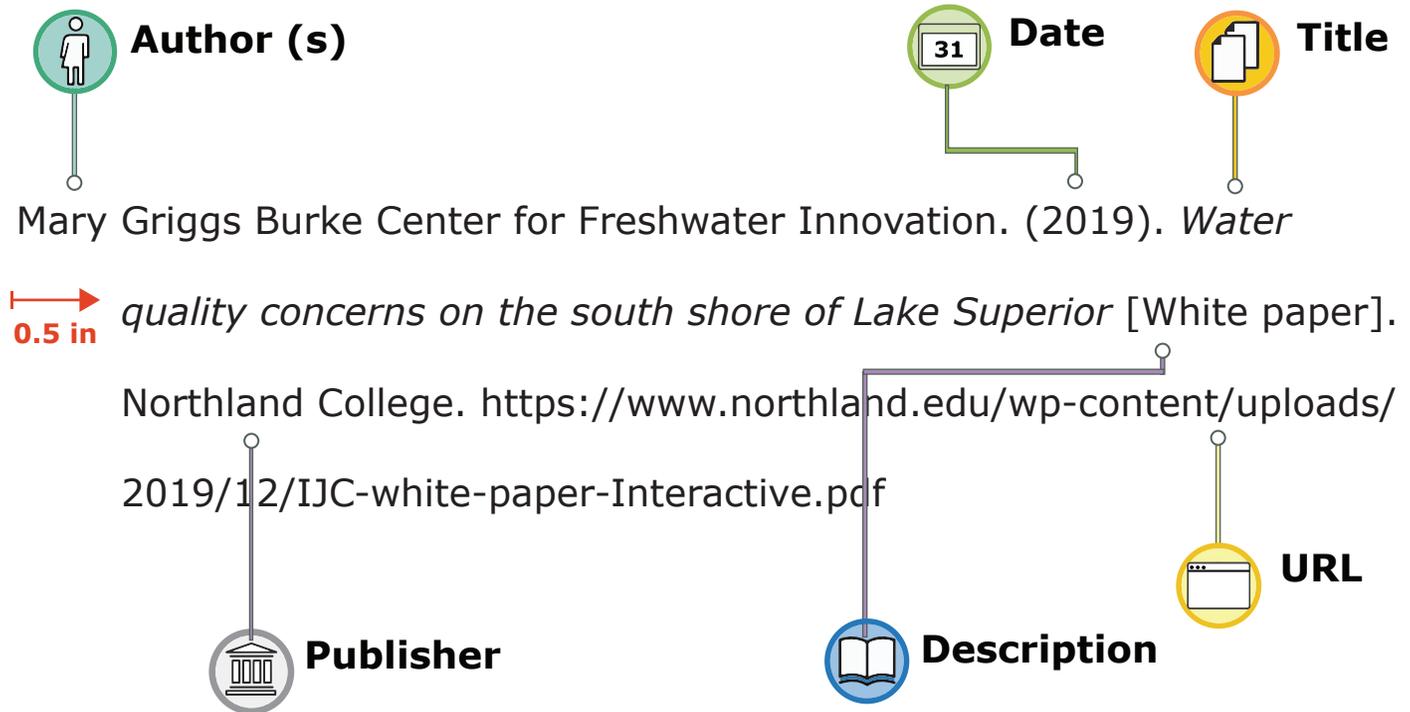

Formatting: Double-space your reference list and use a 0.5 inch hanging indent for each entry.

Author(s): Write the author's last name, a comma, and their first initial(s). If there is a second author, add a comma and an ampersand (&), followed by their last name, comma, and first initial(s). If the author is a government agency, organization, or group, write the name of the group followed by a period.

Date: In parentheses (round brackets) write the year the white paper was published, followed by a period.

Title: Write the title of the white paper in italics, capitalizing the first word and writing the rest in lowercase. If there is a subtitle, separate it from the main title using a colon (:). Capitalize the first word after the colon and write the rest of the subtitle in lowercase.

Description (optional): In square brackets, write "White paper" and follow the closing square bracket with a period. If the title of the report already specifies that it is a white paper, you can skip the description and follow the title with a period.

Publisher: Write the name of the company or organization that published the white paper. If the publisher is the same as the author, skip this step.

URL: End your reference with the URL to the white paper.
